Sir:

In reply to the Office Action mailed June 18, 2002, please amend the above-identified application as follows:

**IN THE CLAIMS:**

Please amend the claims by replacing the indicated claims with the following clean versions. (See Attachment A for the marked up version of the amended claim.)

① 1. (Twice Amended) A molded metal part produced by a process comprising the steps of:

introducing the melted material into a first chamber;

allowing at least a portion of the melted material to pass through said first chamber into a second chamber, wherein said allowing step comprises creating a suction in the second chamber to draw the portion of the melted material from the first chamber into the second chamber;

pushing at least a portion of the melted material remaining in the first chamber into said second chamber;
